

Providing comprehensive care for children of all ages

As children grow and develop, their health care needs change and evolve as well. At Phoenix Children's Pediatrics, we understand the unique health care needs of newborns, young children and adolescents. From routine checkups and health screenings to treating illnesses and injuries, we're here to provide exceptional preventative and medical care for children of all ages.

Here for You and Your Family

12 community pediatric practices

24/7 access to a physician on call for urgent medical questions or concerns — not just during office hours

60+ board-certified physicians and advanced practice providers

Phoenix Children's Pediatrics offers the best of both worlds. We're the local neighborhood pediatric provider backed by one of the nation's largest pediatric health systems. In fact, Phoenix Children's is Arizona's only children's hospital recognized by U.S. News & World Report's Best Children's Hospitals.

Unmatched Expertise

Our patients have access to a full spectrum of board-certified pediatricians, physician assistants and pediatric nurse practitioners who understand the unique needs of children. They work closely with patients and families to build long-lasting, trusting relationships.

Around the Clock Services

Concern for a child's health and wellness doesn't just occur from 9 to 5. That's why Phoenix Children's Pediatrics makes sure families have access to health care providers when offices are closed. Our on-call pediatric doctors and nurses are available seven days a week to answer urgent medical questions or concerns when families can't wait until office hours.

Contact Us

Experts from Phoenix Children's Pediatrics regularly speak on a variety of topics that impact newborns through adolescence. To request an interview or speaker, please contact mediarelations@phoenixchildrens.com.
